

Our Playgrounds Are Closed

Because the novel coronavirus that causes COVID-19 is highly contagious, survives on surfaces for up to 24 hours, and is causing suffering and death, the City has closed the playgrounds until further notice.

At the same time, it's great to get fresh air. Please take this opportunity to walk the trails and play in our parks. The important thing is to avoid contact with people outside your immediate family or household. With your immediate family, in our parks or in your yard: play catch, kick a ball, dance—enjoy each other.

If we all do what we can to practice good **social distancing** (staying home; not touching people outside your family; maintaining a distance of 6 feet between people in public) and succeed in **flattening the curve**, ***we'll come out the other side of this crisis together.***
